## NEW CONSERVANCY DISTRICT WILL BE VOTED AUGUST 10

Needed For Protection Of Property In This Territory.

A petition was filed in the County Court of Kane county, some time ago, asking for the organization of a Conservancy District along the Fox River under a law passed by the State Legislature in 1925 providing for the organization of such a District for the purpose of river control, sanitation, development of water supply, navigation and protection of fish life.

A District along Fox River extending from the Wisconsin State line to Ottawa, was organized under this law in 1926, but this District was dissolved on a technical objection that a new notice was not given after the description of the District was changed. The Statute does not require this notice, but in spite of this, the Judge held that the notice should be given.

### LaSalle County Out

After this, steps were taken to organize a District in LaSalle County alone, and a new petition now on file at Geneva, asks that a new District may be formed and excludes LaSalle county from the District. On this petition a hearing has been had before the County Judges of Lake, McHenry, Kane and Kendall Counties, and an order has been entered fixing the boundaries and calling an election for August 10, at which all legal voters within the District will have the right to vote.

### Must Control Sewage

Twenty-five years ago there was not much complaint of sewage disposal in the rivers, and their contamination, in fact, there was very little contamination. There were few industries along the rivers and very few sewage systems. At that time there were probably no sewer systems in the cities on the Fox, except perhaps the largest cities, and none of these covered the entire city, so there was very little contamination compared to the present time. Now almost every City and Village has a sewer system which is running direct to the river, there is also a large increase of industrial sewage going into the river and also the immense increase in summer, as well as all year, homes along the Fox. These have increased to such an extent that the River at the present time is hardly more than an open sewer, and during the months in the summer when the water is low, a menace to the health of the communities.

### Fox Becoming Polluted

Many of the rivers in Northern Illinois, such as DuPage, DesPlaines and Illinois, are worse than the Fox, simply because the drainage area of these rivers is more thickly populated. These rivers are a menace to health of the people and the Fox is fast getting to that point. Nature never intended that the rivers should be used as sewers. They are for drainage of surface (Continued on back page)

## Two New High School Teachers Are Employed

The Board of Education of the High School announced this week that they have secured two teachers to fill the vacancies in the staff.

They have secured Mr. Hackett, now the production manager of the Kewanee Manufacturing Co. of Kewanee, Wis. This is the company that furnished the laboratory furniture for the new building. Before going into production work, Mr. Hackett was supervisor of industrial arts at Wakefield, Mich., and comes highly recommended by Supt. Cleveland, formerly of Wakefield but now the Illinois State High School Visitor from the University of Illinois. Mr. Hackett is a workman of merit, and has made nearly all of his own furniture. He is a graduate of North Dakota University, having played regularly on the football and basketball teams. He has had several successful years as coach in high schools.

Miss Leone Miller of Minnesota University will teach History, English, Physical Training and Art. She has been doing graduate work this year and teaching part time in Minneapolis. She is recommended as being a very resourceful woman of varied talents.

There are two positions yet to be filled.

## TOWN PROGRESS TALKS

An individual who has no pride in himself is likely to grow careless of his appearance and become unattractive and inefficient. Same way with a town. When its residents lose their civic pride, the town becomes shabby and dull. Then the citizens begin speaking cynically of some nearby city. The remedy is for YOU to take an interest in our town and do things for it. This will benefit both you and our town, and the more you do, the more you will want to do, and you will drop out of the "anvil chorus," too. Civic pride should be the core of every resident of our town, and those who are unwilling to do anything to benefit this community should move out and make room for folks who will.

## SIX CHAMPIONS ON PALACE FIGHT CARD TOMORROW NIGHT

Iowa State Champ Meets Tribune Golden Gloves Winner in Windup.

The greatest bunch of amateur boxing stars ever brought together outside of a championship tournament, is to perform at the Antioch Palace tomorrow night, according to Promoter Mack. There will be 6 A. A. P. Champions and one runner-up on this program of matched champions.

Pop Jennings, the Iowa State Champ will meet Jimmie Chase, Tribune Golden Gloves Champion, in the final feature event of the evening. The semi-final brings together, Larry Levette, Florida Champ, who knocked out his man last week, and Eddie Horke, Central States Champ. Barney Ross, who has beaten the Lake Villa whirlwind twice, will be matched with Harry Gerbel, 125 lbs. Central States winner. Johnny Ross, Central States leader of the 155 lbs. class exchanges blows with Jack Perry. Billy Lehmann of Chicago meets 'Mac' McMullin of Waukegan. Fred Rodney, runner-up at 135 lbs. and Harry Duffield will mix it up. Jimmy Hull, who has only met his match in Barney Ross, will take on Tony Faganio, after Joe Renon and Meyer Prager open up the festivities of the evening.

### Mason Beats Jokinen

In the last series of arguments held at the Palace Jokinen, the flash from Waukegan, was beaten in a four round encounter with Frankie Mason of Chicago. This is the first time that local fans have seen 'Joki' in action when he was not master of the situation, but Mason lead the fight all the way, and it was only Arne's defensive tactics that held up the decision until the fourth round.

### Stickler Sticks to Champ

The finale brought the plucky little Deerfield fighter, Ray Stickler, together with the best in the middle west, Jimmy Chaso, the Golden Gloves Champion. Ray wouldn't stay down even for the count of nine, but came right back for more. It was plainly Jimmy's fight, and Referee Young saved Ray from excess punishment by calling a technical knock out in the third.

### Kamin Looks Good

The local fans were glad to see the great improvement which has been brought about the last week in Walter Kamin, the husky youngster from Silver Lake. He easily won his bout after having lost to the same man the week before. Under the management of his brother, Frank, Walter should be a comer.

### Former Winner Fall

Phil Taylor, the previously consistent chocolate winner, could not fathom the hard socks delivered by the husky Johnny Young from Jack Johnson's gym in Chicago, Paul (Continued on back page)

## Depner, Worsley Deal Causes Argument Over Several Unpaid Bills

The Waukegan Daily News of July 27, contained the following: "M. Depner of Antioch was arrested last night by the office of Sheriff Doolittle on a charge of issuing a worthless check for \$140. Robt. Worsley of Waukegan filed the complaint." The above article needs amplification because as local bank officials understand the story, Depner was entirely in the right.

### Check in Question

It seems that just before Worsley relinquished the bakery to Depner, a bill of goods was delivered from a Chicago Company, C. O. D. Worsley wrote a check for the amount expecting to have Depner cover with his check. Depner sent the check to Worsley at Waukegan.

### Stops Payment

Immediately after Depner sent his check, a labor bill on Worsley for \$50 was presented to Depner with threat to close the place if payment wasn't forthcoming. The Public Service Co. presented a bill of something over \$70 with threat of cutting off service. In order to protect himself, Depner stopped payment on the check and paid the bills. Then followed the events referred to in the Waukegan paper.

## Speedy Warfare Needed To Cope With the Rapid Increase of Plant Lice

Urbana, Ill., July 31.—Ability of one plant louse to multiply into two billion offspring in a single season puts a premium on vigilance and prompt destruction in the control of this serious insect pest. It is pointed out by L. A. Somers, of the horticultural department of the University of Illinois. Furthermore, there are so many different species of this insect that it has been said, "Every plant has its louse," he added.

### Plant Lice Migrate

Many times plant lice will make a sudden appearance as a result of winged types that fly away to establish new colonies. It is in this way that a patch of cabbage or cucumber which a few weeks before seemed to be free from plant lice is suddenly found to be badly infested with them.

### Cause Leaves to Curl

Plant lice, or aphids, are sucking insects and therefore can not be controlled by stomach poisons. It is often difficult, however, to use contact insecticides on them because they on the lower surface of the leaves, causing the leaves to roll up around them. The tendency of the leaf to roll up around the insects is especially noticeable in elm and apple trees.

### Liquid or Dust Insecticides

Summer control methods consist of the application of insecticides in either a liquid or dust form. A liquid spray can be made by mixing one-half tablespoonful of nicotine sulphate to one gallon of water and adding a piece of soap about the size of a walnut. This solution should be stirred until the soap is in a lather. The lather will act as a spreader and help make the water and nicotine sulphate stick to the leaves.

A dust insecticide can be made by mixing five ounces of nicotine sulphate to six pounds of hydrated lime. This is done by placing the lime in a small keg or barrel and slowly pouring the nicotine sulphate into it. Several smooth pebbles are put in the barrel and after it has been closed it should be rolled back and forth for ten minutes or until the mixture is complete. Only quantities that are to be used at once should be made up.

### Must Touch to Kill

Regardless of whether liquid sprays or dusts are used, they must be applied to the underside of the leaves and must come into direct contact with the bodies of the leaves and must dig aphids they will give the desired control.

## Motorcop Breaks Leg In Crash

Frank Druba, a motorcycle policeman at Libertyville received painful injuries Saturday afternoon when he collided with an automobile driven by George Sachs. The latter was backing his Nash coupe from the curb in the business district when Druba came along. Druba was removed to the Elizabeth Condon Memorial hospital where it was found he had a compound fracture of the left leg.

### GAS GOES UP

Motorists in this vicinity were apprised that gas had gone up one cent Wednesday morning.

## ANTIOCH SLUGGERS TOO GOOD FOR GURNEE BALL TEAM

Drom and Steininger Hold Rivals While Mates Garner Runs.

The Antioch Ball club played its first home game in several weeks and the boys celebrated their homecoming with a crushing defeat of the strong Gurnee nine. The lopsided score was somewhat of a surprise as the teams had played 2 close games this season but the Antioch boys had their eyes on the ball and were hitting the ball hard, getting 13 hits, 7 walks and 2 hit batters. Sullivan knocked out a homer, Nixon and W. Drom got doubles.

### Pitchers do Good Work

Drom and W. Steininger were on the mound for Antioch and kept the hits well scattered. Besides pitching good ball they got 5 hits and 5 runs from them, showing that they can hit as well as pitch.

### Let in 2nd Division

The victory gave Antioch clear possession of leadership of the Second Division and shows a great improvement in the general all-around play of the home boys, having won 4 out of their last 5 games. While they are too far behind to win the championship the locals will enjoy themselves by knocking off the leaders.

### Graylake Next Sunday

Next Sunday the crack Graylake team will come to the Antioch park. They noed out Antioch by the score of 54 after trailing until the last inning so Antioch will be out for revenge. The players nearly all know each other and are anything but friends on the ball field so a spirited battle should result. Graylake has a real ball club and has been nearly at the top all season and are fighting for the trip to Cincinnati with a good chance of winning it. Hobbs, their star pitcher is one of the best speed ball artists in the county league and recorded 25 strikeouts in a 15-inning battle last Sunday, which they won 6-5.

Everybody come out. Children free. Help support the home town team.

## AQUATIC SPORTS AT LONG LAKE SUNDAY, AUG. 19

First of Kind in This Part of County—Only Lake County Entries.

Long Lake is to be host to the water athletes of Lake county Sunday, August 19, at 1 P. M. standard time, in their first water carnival. Champions of the county are to be determined in the various events. Gold, silver and bronze medals are to be given for first, second and third places respectively.

Some of the events are listed as follows: 2 mile swim; 100 yards for women; 100 yards for men; 100 yds. for girls under 16; 100 yards for boys under 16; canoe tilting; tug races; and exhibition swimming. All entries are to be made to H. M. Griffith, Ingleside.

Plans are to make this the biggest day in the history of Long Lake, and anyone living in Lake county is eligible for the medals.

This is the land of lakes and many of the communities have been overlooking one of the main features that should be stressed.

## Local Boy Spends Summer At Training Camp For Students

Wesley Wertz, son of Mr. and Mrs. Clayton Wertz arrived home last Saturday after having spent six weeks in the summer training camp for R. O. T. C. at Sparta, Wis. The work was chiefly in the artillery, and reports show some good marksmanship with both the large and small guns. Mr. Wertz will soon leave for Paxnec, Ill., where he will coach and teach manual training.

### Not Stevenson's Plot

Dr. W. J. Long says that Stevenson was indebted to E. A. Poe's story, "William Wilson," for the plot of "Doctor Jekyll and Mr. Hyde."

## JOHN BEEBE GRADUATES FROM AVIATION SCHOOL AT CHANUTE FIELD

The following communication has just been received from Chantool, Ill. Corporal John R. Beebe, son of Dr. H. F. Beebe and brother of Mrs. Geo. Garland of Antioch, Ill., has just graduated from the Army Air Corps Technical School at Chantool Field as a qualified airplane crew—chief with a class of students, selected for their advanced flying experience and sent here from various stations throughout the country.

Corporal Beebe returns to his organization this week qualified for a mission that in importance is second only to the pilot's. He will be given an airplane and will be designated its crew-chief. He will be held responsible for the perfect functioning of the airplane's engine, so essential to the success and safety of the flight, as he is an expert on mechanics.

When the plane is not actually in flight, Corporal Beebe will be in charge of it. He will inspect and adjust all metal and wire parts, watch the alignment of the fuselage, and have the airplane in readiness to take off on a moment's notice. He will also be held responsible for the proper adjustment and condition of the delicate instruments carried on the airplane.

## WAUKEGAN SUN IS SOLD TO CHICAGO NEWSPAPER MEN

W. J. and F. G. Smith Release Journalistic Reins In Long Career.

The Waukegan Daily Sun and the Lake County Independent, weekly paper printed at Libertyville, have been sold by their owners, Wm. J. and Frank G. Smith, to Lake County Newspapers, Inc., owned by John A. Dickson, M. V. Wieland and D. M. Noyes, all former newspaper men, who yesterday assumed ownership and control of the publications, taking over all the assets, including the fine new Sun building in Madison street.

The officers of the new organization, are as follows: President—John A. Dickson Vice-Pres.—M. V. Wieland Sec. Treas.—D. M. Noyes.

In disposing of their newspapers the Messrs. Smith, in a formal statement assert they were actuated solely by a desire for relaxation from their many years of active service in the local field. They have been in newspaper work continuously since 1897 with the exception of a few months in 1911.

No Changes Contemplated According to the new owners there will be no changes in the various departments of the Sun and Independent. They have expressed the belief that the present organization is one of the best to be found on any small daily in the country. They have expressed a desire that the entire personnel remain.

Long In Field William J. and Frank G. Smith began their newspaper careers in Waukegan and have continued there ever since, with the exception of six months following their sale of the old Gazette.

## Cermak Residence Is Festive Scene of Political Reunion

About seventy personal and political friends joined with A. J. Cermak in the festivities preceding to the opening of his active campaign for U. S. Senator at his palatial summer home on Channel Lake yesterday.

A golf tournament was held in the morning at the Chain O'Lakes Country Club. The remainder of the day was used for exchange of ideas and perfection of plans. The dinner was served in the adjacent dining room. An orchestra composed of local boys furnished music for the dinner and evening activities.

## High School Students Receive Appointments To State Course

Two boys from the Antioch Township High School Agriculture department have received appointments to the boys' state fair school to be held at Springfield during the week of Aug. 18. Clarence Kufalk and Lewis Galiger have been selected for this honor.

## EDGAR HOTEL SOLD TO GEO. HOLDERNESS OF KENOSHA, WIS.

Place to Be Remodeled and Additions Made; Edgar Here 20 Years.

Another of the older and well established business places passed into the hands of a Kenosha man when Arthur Edgar sold his hotel to George Holderness, through R. C. Abt as broker.

Mr. Holderness has been long and favorably known in the hotel business in Kenosha, he having had charge of the Kenosha hotel, the Plaza, and the Midway.

He took possession at noon last Saturday. Plans are now being made for extensive additions and remodeling, that will cater to the demands of the traveling public.

Mr. Edgar has been in the business for the last twenty years. He purchased the place from Barney Naber, who had taken it over from Chas. Lux who in turn had secured it from L. B. Grice, the original builder.

Mr. Edgar will remodel the house to the north where he will reside. Mr. and Mrs. Edgar are now spending their vacation at their cottage in Kilmour, Wis.

## Chicago Footwear Mgr. Prepares for Greatest Sale in History.

The Chicago Footwear Co., well known and widely patronized local store, will start its annual August sale on Saturday of this week. This store's annual sale, in which are featured scores of bargains in every department, grows in popularity each year and the August sale is attended by thousands of patrons from near and far.

Factory Prices "The greatest sale in the history of the store begins Saturday of this week," Manager George Rhodes said today, explaining how his company had bought entire factory stocks in order that all customers might be supplied with all kinds of footwear at bargain prices.

The attention of the reader is directed to the full page advertisement of the Footwear Co. appearing in this edition of the News.

## World War Veteran Taken to Hospital At Great Lakes

The local legion post, through the instrumentality of Commander Archie Maplethorpe, has arranged for medical attention to be given Earl Shaddock of Victoria street, at the Veterans hospital at Great Lakes.

Mr. Shaddock is a shell shock victim of the World War, having seen service with the Wisconsin National Guards. His health has been failing for the past few weeks, probably due to infected teeth which were extracted after the location of the trouble. This shock has brought on the old trouble which will require constant attention.

The wife and five children will remain in the China property on Victoria street.

## Lake Lots in Thorne Subdivision To Be Sold At Auction

There is to be an auction sale of summer bungalows and lots on the Chas. Thorne property on the north side of Cedar Lake at 1 p. m. standard time, Sunday, Aug. 12. There are twenty lots and five finished bungalows in the sale. A number of prizes including a Chevrolet and \$200 cash will be given away.

## Business Houses Spread New Paint

The Village Hall was repainted this week by Frank Huber. The fire hydrants also received a new coat of paint.

The office of H. C. Abt has also gone under the painter's brush in the process of redecoration. The Shell gas station has been dressed up with new yellow and red colors.

The Edgar House, under the management of Mr. Holderness is receiving a new coat of paint.

### Did He?

"What is the matter? You answer every question I put to you with another question." "Do I really?"—Boston Transcript.

Household  
Hints

## HOUSEHOLD HINTS

## Sewing Room Hints

Cut the strips containing buttons and buttonholes from discarded garments and use them under a fly in new garment. It saves time and labor.

## Ink Stains on Hands

A solution of peroxide of hydrogen containing a few drops of ammonia will remove ink stains from the hands.

## Face Wrinkles

Dry binding the forehead with a bandage soaked in equal parts of alcohol and the white of an egg, allowing the bandage to remain over night.

It is always advisable to keep food contained in cans in a dry place. Never leave the food in the can when once opened for future use, but turn the contents immediately into an open dish.

Never wash an electric bulb. A drop of water penetrating the interior of the bulb will destroy its power. Wipe bulbs with a damp cloth.

Before putting potatoes into the oven to bake try greasing their skins with bacon fat. The skins of the baked potatoes will be soft and smooth, not dry and hard.

If you have an out-of-date silk dress look it over for its possibilities. It may not be practical to make it into a serviceable dress, but it may make a good negligee or a silk slip.

When storage-space is scarce, one or more walls of a bedroom may be arranged as a series of closets, finished to match the wall so that they will be inconspicuous. One closet door may contain a mirror, so hinged that it swings to reflect a mirror hung on the opposite side of the wall, giving a woman that much desired opportunity to see herself from every possible angle. For storing furs and woollens, one closet may be lined with cedar.

## Churches

## St. Ignatius' Church Notes

## Episcopal

9th Sunday after Trinity, Calendar—7:30 a. m.—Holy Communion. 10:00 a. m.—Church School. 10:30 a. m.—Morning Prayer. Monday—Feast of the Transfiguration of Christ.

8:00 a. m.—Holy Communion.

Next Sunday the topic for consideration will be the Transfiguration of Our Lord. There will be a celebration of the Holy Mysteries at 8:00 a. m. Monday, the day of the Feast. You are welcome at any and all of the services of worship at St. Ignatius' church. Have you found your church home yet—why not set out on a quest and find one and then learn to love and serve it with all that is within your power. Do you have an eternal outlook or just one for this short life? It is well to plan for the future.

To Inherit \$1,000,000  
for Changing His Name

Ondra, Neb.—What's in a name? Millions, perhaps, for Seth Rosewater, the seventeen-year-old son of Mr. and Mrs. Charles Rosewater of 258 Silver-side drive, New York.

Young Rosewater legally took the name Seth Warner Richard last February, his mother said. The Rosewaters formerly lived here. The name is that of the young man's maternal uncle, Anson W. Richard, formerly an official of the General Electric company, who died last year. Richard left no heirs besides his widow.

The widow, Mrs. Allen Richard, was understood to have proposed that Seth become her principal heir, provided he take the name of her husband and thus perpetuate the Richard name. The Richard estate has been valued at more than a million dollars.

"My son has not been adopted," Mrs. Rosewater said. "He is merely going to carry on the Richard name. Our name will be carried on by our eldest son."

## Color of Sounds

Observations have proved that a considerable percentage of people unconsciously associate color with every sound they hear. Pleasant notes seem to go with soft, delicate shades. Some moderately high notes suggest gold. shrill ones, silver, and harsh notes seem to go with deep sounds.

## Bible's Great Influence

For three centuries the Authorized Version of the Bible has shaped the lives and colored the traditions of our people, fashioned our literature, and filled our memories with unforgettable experiences of childhood.—Stanley Baldwin.

CAPES, EVERYWHERE CAPES—AND  
NOW BEACH MODES STRESS THEM

TO ENCOUNTER color in unrestrained vividness and design in its boldest decorative spirit, go to the beach, where the smart set frolics and suns itself on a midsummer day. As fantastic as imagination can picture, that is the mood of this season's ultra-fashionable beach apparel.

In bathing suits and beach wraps modernists are finding a channel of expression for their wildest fancies. No matter how daring the pattern, be it stripes, plaids, spots, dots or any other form of decorative modernism, it finds acceptance among beach togs.

The costumes in the picture tell a true story of beach fashions as are at this moment. The model to the left is a "last word" beach outfit. It is a futuristically designed jersey suit, and it is worn with a plaid flannel cape.

The red and white striped swimming suit to the right is also topped with a cape. With capes so extremely cognate throughout the mode, it is not at all surprising that they have made their appearance on the beach. Long, gaily patterned capes are at this very moment challenging the supremacy of

the coolie coat which has done so much to add a note of gay color and striking design to by-the-sea style parades.

Plaid flannel is the very latest for these new beach capes. Should your taste run to waterproof silk rather than flannel you will, perhaps, be more interested in the model to the right in this illustration, than in the companion cape shown. Choosing either, one can make no mistake.

Many beach coats are also made of plaid washable silk, for plaid is one of the very smartest notes in fabrics for bathing and beach costumes.

Another interesting material used for the making of beach clothes is white water-proofed crepe de chine. Comes direct from Paris, a clever one-piece model of this fabric applied in modernistic fashion. And it has a cape! A very novel one, being a voluminous rectangular affair lined with red. It is also applied, in manner to match the suit with which it is worn.

## RECIPES

A loaf of fancy bread may be just the thing that is needed to round out the day's menu in a delightful way. Frequently they are as well liked as cake. They are more easy to make than cake and are more likely to prove nutritious and digestible. Fancy breads find great favor with the lunch box, and for sandwiches, for party refreshments they are excellent. Quick loaf breads for breakfast furnish a wholesome sweet.

## Nuts, Bran, Dried Fruits, and Molasses

Nuts, bran, dried fruits, and molasses appear many times in recipes for quick loaf breads. These ingredients are nutritious and palatable.

## Dried Peach Bran Bread

1 cup dried peaches which have been soaked, drained and cut fine.  
2 1/2 cups flour  
1 teaspoon soda  
1/2 teaspoon salt  
4 teaspoons baking powder  
1/3 cup sugar  
1 cup bran  
1/2 cup chopped nuts  
1 egg  
1 cup sour milk  
2 tablespoons melted shortening  
Combine the dry ingredients, add the nuts and peaches, and finally stir in the beaten egg combined with the sour milk and melted shortening. Bake slowly in a loaf pan for about an hour.

## Grapenut Sandwich Bread

1 cup grapenuts soaked for 20 minutes in 1 cup milk  
3 cups sifted flour  
3/4 cup sugar  
1/2 teaspoon salt  
4 teaspoons baking powder  
1 egg  
1 cup milk  
Sift together the dry ingredients. Beat the egg, add the milk, add the grapenut mixture, and combine all with the flour mixture. Place in a loaf pan and let it stand for twenty minutes. Bake in a moderate oven for forty-five minutes to one hour.

## Shirred Eggs Creole Style

Cut one-half of a green pepper and a small onion into shreds. Cook in a tablespoonful of butter until soft. Add three-fourths of a cupful of strained tomato and salt to season. Turn into ramekin dish and place a fresh egg on top of each. Set in the oven to cook the egg. Serve at once.

## NUT BREAD

1/2 cup of sugar  
1 egg  
1 cup of sweet milk  
1 teaspoon of salt  
1/2 cup walnut meats  
4 cups of flour  
3 teaspoons of baking powder  
Let stand ten minutes after mixing. Bake in a moderate oven one hour.

## BEEFSTEAK ROLL

Cut one and one-half pounds of beef in four pieces. Cut up fine, two slices of bacon and four onions. Mix onions and bacon together and put an equal amount in each piece of beef, salt to taste. Roll up and tie with string or fasten with toothpicks. Put in a roaster with a little water and bake one hour. When done, add water and make gravy.

## Cold Slaw

1 small cabbage  
1 stalk celery  
1 green pepper  
1 onion  
Shred cabbage finely. Chop celery, onion and green pepper. Mix with mayonnaise or boiled dressing. Season to taste.

## A GOOD RELISH

Roiled beets, cabbage and horse radish make a good combination relish.

## Fruit-Salad Dessert

A clever way to combine your salad and dessert courses is to make this delicious frozen fruit salad. Drain the juice from small cans of white cherries, strawberries, pine apple, and pears. Stone the cherries cut up the fruit, and then add 1/2 cup of chopped walnuts. Mix 1/2 cup of whipped cream, add the fruit and nuts, and mix the ingredients together thoroughly. Put in a mold and freeze, serving it afterward on lettuce garnished with mayonnaise.

## DATE CAKE

3 eggs well beaten  
1 cup of sugar  
1 large cup of flour  
1 pound of chopped dates  
1 teaspoon of baking powder  
1 teaspoon of vanilla  
Bake in moderate oven from 40 to 60 minutes. Serve with any desired sauce.

SALEM WOMAN  
ENTERTAINS CLUB  
FROM KENOSHA

Son is Born to Wife of  
Former M. E. Salem  
Minister.

Mrs. Matt Siebert entertained the Jolly Eight Bunch club of Kenosha last Thursday. The ladies present were Mrs. H. Burg, Mrs. W. Harwood, Mrs. W. Low, Mrs. J. Kessler, Mrs. J. Moeller, Mrs. A. Moeller and Mrs. Pouch. Prizes were won by: Mrs. Burg, Mrs. J. Moeller and Mrs. Low.

Cards were received from Caledonia, Minn., announcing the birth of Robert Theodore Holt, on July 26, son of Rev. and Mrs. Holt, former pastor of Salem church.

Mr. and Mrs. Frank Hurd and Mr. Albert Hartnell of Kenosha and Mr. Clarence Hartnell of Benton Harbor, Mich., spent Sunday with Mr. and Mrs. Fred Richards and Jos. Hartnell.

Mr. and Mrs. Wm. Cook had a family reunion Sunday in honor of Mr. and Mrs. Nicholas Cook, who came from New Jersey Friday for a short visit with relatives.

Mr. and Mrs. John Evans attended a family reunion at the home of Mr. Kirk in Pleasant Prairie.

Mr. and Mrs. Bert Root and Herbert and friends from Delavan spent Sunday with Mrs. Gooklin.

Mrs. Arthur Bloss and Miss Mary Fleming spent Monday in Chicago.

Miss Sarah Patrick of Trevor spent several days last week with her nephew, Byron Patrick and family.

Mr. Gallart and Mr. Peterson made a business trip to Chicago on Wednesday.

Irene and Cleo Layman of Harvard, Ill., are visiting their cousin, Mrs. H. Patrick.

Mr. and Mrs. Julius Krohn and daughters visited Mr. and Mrs. Harry Krohn of Bristol Sunday.

Booster Bunch club met with Mrs. A. J. Murray. Prizes were awarded to Mrs. N. Dix, Mrs. L. Romie, Miss Evelyn Romie and Mrs. F. Dix. Mrs. N. Dix will be hostess next week.

The Pricillas will meet on Thursday afternoon with Mrs. A. Huntton. A cordial invitation is extended to all interested in the church work.

Mr. and Mrs. L. M. Smith and son visited Mr. and Mrs. A. J. Marsh and family of Woodworth Sunday.

The Cemetery Helpers will meet with Mrs. Tom Garland Wednesday afternoon. A full attendance is desired. Final arrangements for the bazaar to be held at Paddock's Lake on August 15, will be made.

Mrs. F. Dix and sisters, Bernice and Evelyn Romie, were Kenosha visitors Monday afternoon.

Mr. and Mrs. Herman Kreuger and children of Harvard spent Sunday with Mr. and Mrs. H. Patrick.

Jack Milward of Kenosha is spending a week with his aunt, Mrs. A. Bloss.

Mrs. Fred Schonscheck and son and Mrs. L. M. Smith and son motored to Antioch Monday.

Mr. and Mrs. Harry Schonscheck and daughter of Racine visited at the home of Mr. and Mrs. H. Schonscheck Sunday.

Mr. and Mrs. Wm. Bacon of Bristol, Howard Johnson, Mrs. Ada Huntton and Miss Jennie Loescher motored to Harvard Sunday and spent the day with Mr. and Mrs. E. A. Moore.

Miss Helen McVear returned to her home Sunday afternoon after spending the past week with relatives in Milwaukee.

Mr. and Mrs. H. P. Kraus, Mrs. Helen Morrison, Misses Eva, Kate and Elizabeth Loescher, Gene Christy of Chicago, and Mrs. Frank Galtrel of Evanston, Mr. and Mrs. Otto Schuber attended the funeral of Miss Belle Desweller at Brighton Saturday morning and were entertained at Miss Jennie Loescher's for dinner.

## Salem Methodist Church Notes

The Vacation Bible School of the Salem Community has come to a close. The enrollment of the school was 45 and the average attendance was 40 for the two weeks period, Sunday morning, August 5, will be the presentation of diplomas and exhibition of the work done. If you have wondered what kind of work we do come to the morning services next Sunday. We are grateful for the co-operation of the children and parents in making this school a success.

Order of services—  
Sunday School, 9:45 a. m.  
Preaching, 11:00 a. m.  
We welcome everyone who can come and worship with us.

## BENEFIT PARTY

A benefit party will be given for William Cassidy at Social Center hall Trevor, Wis., Saturday evening, Aug. 4th. Dancing, "500", and Bunco. Everybody cordially invited. Refreshments and a good time for all.

Subscribe for the News. Only \$2.00

# ANNUAL AUGUST SHOE SALE

## Chicago Footwear Company STARTS SATURDAY, AUGUST 4--IN OUR ANNEX

Shoe the whole family for half the regular price. Each year we determine that our August Sale shall be greater than the previous year, and by doing this we have had a greater sale each year. We have bought for this sale the ends of lines of several wholesale houses, far below the cost and some for half our regular selling price. Summer Resorters, each season, take advantage of our August Sale to supply their needs, for early fall and school opening. We are going to rip prices up the back and make the hair fly. Shoes will fly at this greatest of our AUGUST SALES—because, we have the latest styles specially designed and biggest variety of Dependable Footwear. They are all good quality and you can return them if you do not like your selection, if you prefer.

ALL SALES STRICTLY CASH

MEN'S TWO-TONE SPORT OXFORD, Leather sole and rubber heel, sizes 6 to 9½. A good buy at \$6.00. SALE PRICE ..... \$3.95

Men's Brown and Black Leather

**ONLY A FEW OF THESE**

MEN'S VICI AND KANGAROO SHOES, NOT ALL SIZES, VALUES TO \$7.50, WHILE THEY LAST ..... \$4.95

Leather is higher—our prices are lower. How do we do it? Just this way—We have bought manufacturers' samples, wholesale ends of factory lines. One big lot of Men's high grade calf skin oxfords and vici dress shoes from a factory that needs money for their pay roll, so cheap that the factory was anxious that we

keep their name secret, but we can assure you that they were one of our best Wisconsin factories, who make only dependable shoes to sell at retail from \$5 to \$7.50. Our prices on those shoes will be \$2.95 to \$4.95. They are all made with celebrated barefoot sole. Tostels calf skin and kid skin upper Marathon rubber heels.

In addition to these excellent purchases we are selecting ends of lines, with reservation for this, our greatest of August Sales.

**Every Article Marked  
Down  
NEW FALL LINES FOR

Exception 5 — The entire area

within the Corporate limits of any City and Villages of which a portion, but not all, may lie within the described boundaries of said proposed Conservancy District.  
That the object of said petition is to organize said territory as described in said petition and as finally determined by said Commission and as described herein, as the FOX RIVER CONSERVANCY DISTRICT under the provisions of said Act of the Legislature for the purpose of controlling Fox River and its tributaries within the boundaries of said proposed District as described herein, and to prevent the pollution of said streams; to develop water supply and navigation and to protect the fish life in said streams; that said County Judges sitting as a Board of Commissioners under the provision of the said Act of the Legislature have granted said petition and have determined the boundaries of said proposed Conservancy District, being the same as described herein and have ordered an election to be held in said proposed Conservancy District for the purpose of giving the legal voters in said proposed Conservancy District, as described herein, the opportunity of voting upon the question of whether said Conservancy District shall be organized under the provisions of said Act of the Legislature.

Therefore Public Notice is hereby given, that an election will be held in said District on Friday the 10th day of August, A.D. 1928 for the purpose of submitting to the legal voters of said District as determined by said Commission at 10 o'clock P.M. the question of the organization of said Conservancy District, that the polls of said election will be open from one o'clock P.M. to six o'clock P.M. standard central time, and that the polling places in said District are as follows:

At the J. C. James Farm located on Orchard Street in the Village of Antioch, Township of Antioch, Lake County.

At the Town Hall Village of Lake, Township of Grant, Lake County.

At the Village Hall, Village of Spring Grove, Township of Burton, McHenry County.

At the City Hall City of McHenry, Township of McHenry, McHenry County.

At the Village Hall in the Village of Algonquin, Township of Algonquin, McHenry County.

At the Village Hall, Village of Cary Township of Algonquin, McHenry County.

In Fire Station, City of East Dundee, Township of Dundee, Kane County.

In City Hall, City of West Dundee, Township of Dundee, Kane County.

Pumping station in Village of Carpentersville, Township of Dundee, Kane County.

Village Hall of Village of South Elgin, Township of Elgin, Kane County.

City Fire Barn, First Avenue, City of St. Charles, Township of St. Charles, Kane County.

City Hall, City of Geneva, Township of Geneva, Kane County.

At store of Crane & Swan on North River Street, City of Batavia, Township of Batavia, Kane County.

At Parish House on S. Batavia Avenue, City of Batavia, Batavia Township, Kane County.

At Mooseheart, Township of Batavia, Kane County.

Village Hall, Village of North Aurora, Township of Aurora, Kane County.

Village Hall, Village of Oswego Township of Oswego, Kendall County.

Village Hall, Village of Yorkville Township of Kendall, Kendall County.

City Hall, City of Plano, Township of Little Rock, Kendall County.

Town Hall at Village of Brook, Township of Fox, Kane County.

Dated this 13th day of July 1928  
ARTHUR G. LARSON  
County Judge of Kendall County  
CHARLES T. ALLEN

## Violet Ray Are Used To Develop Layers And Baby Chicks

Treating baby chicks with violet ray is one of the interesting electrical developments to be demonstrated at the super-modern farming exhibit of the Public Service Company near Mundelein.

Recent experimental work at the Kansas Agricultural College and at various experimental farms has shown that considerable can be done toward increasing the vitality of baby chicks and the vigor of laying hens by short-time use of ultra-violet light. The conditions under which the treatment is given vary according to the climate and general weather conditions of the territory in which the farm is located.

Complete ultra-violet light equipment has been installed at the Public Service Company's Model Farm, and will be among the special features of interest to poultry raisers of Northern Illinois.

According to John G. Learned, Vice President of the Public Service Co., the farm will be completed with all the equipment in operation, by Aug. 11, and the public will be invited for inspection on and after that date.

## Bill Ding Sez:

**MORE APPRECIATION MEANS LESS DE-APPRECIATION. A CEMENT DRIVEWAY WILL PROLONG THE LIFE OF YOUR CAR.**

Do you have to jolt your car over a rough, uncertain alley in order to reach the garage?

A cement drive prolongs the life of your car—

It adds to the appearance and resale value of your property.

Then too, there's that satisfaction that comes from doing things right.

The cost? Very little. Phone us for an exact estimate.

## PERSONAL MENTION

Ray Bartlett, with his wife and three children of Waukegan, spent Sunday with his parents at Lake Villa.

If you want to save yourself a big lawsuit, in accidents on your, or the other fellows car, see me. J. C. James.

Mr. and Mrs. Mergernier of Geneva, Ill., were guests of Mr. and Mrs. Edward Bartlett at Lake Villa last Sunday.

Shirts, 99c, collar attached. Chase Webb.

Mrs. W. H. Horman and children are visiting relatives and friends in Janesville and LaCrosse, Wis.

The best buy in town, shirts 99c. Chase Webb.

Miss Louise Erkman of Carmi, Ill., is spending a few weeks with Editor and Mrs. Gaston and family. Miss Erkman is a sister of Mrs. Gaston.

It cost one fellow in Antioch \$2000 when he accidentally hurt a child at Lake Villa a short time ago. For \$22.50 for a year, I write insurance that covers just such accidents. J. C. James.

L. R. Watson has been on the sick list the fore part of the week. He was soaked with rain Sunday afternoon while working at the Mapleshorpe filling station, and from this developed a severe cold in the chest.

Dolly Peterson is visiting with the Fox children at Madison, Wis.

I write fire, theft, public liability and property damage, plate glass, collision, hail, wind insurance on all cars. See me for the BEST rates. J. C. James.

"Shorty" Horgess and Bill Tuck of Berwyn spent Tuesday with the Nixon family. "Shorty" will be remembered as a former star athlete at the local high school.

Everything in fishing tackle. Chase Webb.

Mrs. Sam Peddigrue and son, Jackie, of Chicago, spent the past week at the Frank Dunn home.

Four cars of Chicago relatives and friends spent Sunday with Mrs. Jas. Habor.

Mr. George Malek of Berwyn spent Saturday and Sunday at the Habor home.

A full line of paints. Chase Webb. Catherine and Leonard Krahl were taken to the Wesley hospital in Chicago for treatment, a few days last week. Catherine has had a throat infection akin to quinsy, and it was necessary to lance one tonsil to gain relief. Leonard had an abscess of the ear, and a minor operation has secured good results. They were brought home Monday and are gradually improving.

## BRISTOL PEOPLE HAVE ACCIDENT ON AUTO TRIP

### Early Settlers Pass Away; Were Immigrants From Germany.

Mr. and Mrs. Frank Gethen returned Monday from their recent trip to Cana Island, in Door county, Wis. They relate many thrilling experiences among the pines and wild animal life in upper Door county but the greatest thrill was on the homeward return trip, when Mrs. Gethen met with an auto accident. She was in company with Rev. Frankson, driver, and wife from Milwaukee; Charles King and Mrs. Ole Frankson of Spring Valley, Minn. While approaching a corner near Algoma, Wis., Saturday at 10:00 a. m. they were met by a Chicago car driving at a high rate of speed coming from a side direction, a view of the car was obstructed by a row of trees and foliage, as the speeding car, driven by a woman, attempted to turn the corner it swerved across the road straight for the Frankson car, hitting the rear wheel and pushed it down a steep bank and nearly turned it over. The occupants were all badly shaken and somewhat bruised but Mrs. Gethen received the most severe injuries. They were taken to Algoma for medical treatment. An x-ray of Mrs. Gethen's skull and shoulder showed that her injuries were not serious. The Chicago car also drove on into the deep ditch. The driver jumped from the car leaving her baby in her husband's arms, with the car still running. They were not injured. The Frankson car was badly damaged. The Chicago man carried insurance to cover the loss. Messrs. Gethen and Ole Frankson, of Bristol, Mrs. Laura Bohn, Mrs.

who were conveying the luggage and following in their car were greatly shocked to appear on the scene just as it happened. The Chicago car was also damaged.

The funeral of Mrs. Johanna Maaske was held at the home last Thursday. Interment at Homer cemetery. She was born February 3, 1845, in Streble, County of Pomerania, Germany, and died July 24, 1928, at her home in Bristol township, aged 83 years. She was united in marriage to August Maaske, Sr., in 1869, he having preceded her in death five years ago. To this union were born seven children, one of whom died in early childhood. She is survived by four sons and two daughters—Wm. and August Maaske of Bristol; Herman of Kenosha; Ferdinand of Genoa City; Mrs. Emil Risch and Mrs. Augusta Otto of Bristol; also 18 grandchildren and seven great grandchildren, one brother and two sisters. In 1891, Mr. and Mrs. Maaske emigrated with their family to America and settled in this locality, where they succeeded by thrift and diligence to build up a new home. Three years later she united with the German M. E. church in which she continued to be a faithful member until death. She was blessed with good health until the frailty of old age overtook her, which intensified her longing desire for the larger and fuller life beyond this earthly sphere.

The funeral of August Wienke of Southeast Bristol was held Friday at Wesley chapel with interment in South Bristol cemetery. He was born in Germany April 25, 1845, the son of the late Frederick Wienke. He came to this country 55 years ago, settling in Kenosha county and later purchased a farm on which he died. He was a faithful member of the Bristol M. E. church. His wife, Mary Wehnoltz Wienke preceded him in death 28 years ago. He is survived by two sons and three daughters, Albert and Louis Wienke of Bristol; Mrs. Laura Bohn, Mrs.

Flora Bohn and Mrs. Amelia Krahl, also of Bristol, 20 grandchildren, 10 great grandchildren and two brothers, Wm. Wienke of Bristol and Fred Wienke of Woodworth.

Mr. and Mrs. August Paasch, Mrs. Asher Crittenden and children and Miss Brosio Britton are on a motor trip to Northern Wisconsin.

## Soot Impairs Efficiency

A layer of soot one-sixteenth of an inch thick on boiler tubes or furnace flues lessens their efficiency 20 per cent.

## Paint Odor

An onion cut in two and placed in a newly painted room will absorb the odor of paint in a few hours.

## KNOT HOLE NEWS

Vol. 1 August 2, 1928 No. 31

Published in the interest of the people of Antioch and vicinity by H. R. Adams and Co. H. R. Adams, Editor Rex Bonser, Mgr.

looked like a man who knew his business.

A college student leads a hard life. He arises early, either to go to classes or to a night club.

Mr. Geo. Holderne of Kenosha, experienced hotel man, has purchased the Edgar Hotel. We wish Mr. Holderne success.

We understand that Gene Tunney is going to retire. We don't blame him. We would too, if we had a million dollars.

It is easy to build commodious shelving or cupboards in the basement and these things always prove highly useful.

By the way, if you are looking for an artistic face brick, we have it.

Six colors in stock to choose from.

It's a wise man who orders his coal early. We can deliver promptly now. Maybe later, there will be a rush and somebody will be disappointed.

The weeks in Kansas are shorter than they are in this country.

"How come?" "Why, the wind blows four days out of the week, out there."

Always encourage your husband to tell in an easy chair with his feet on the radiator. When he goes to bed there will be about five dollars in small change on the chair.

## FORCE REFUND OUT OF LAND SWINDLERS

### More Than Three Millions Paid Back to Victims.

Washington.—More than \$3,200,000 has been refunded to victims of unscrupulous real estate agents through the operation of the real estate license laws in the twelve states which have kept records of such refunds since the law went into effect, according to a compilation made by the National Association of Real Estate Boards from reports of officials administering the license laws.

To the figure in question must be added several hundred thousands of dollars returned to victimized clients through the activities of real estate commissions in the ten states which have kept no statistical records.

More than 10,147 complaints have been investigated and adjusted by the commissions administering real estate license laws, the reports further show.

\$329,930 Refunded in 1927. A total of \$329,930 was refunded during the year 1927 alone in the eleven states where commissions kept record of such refunds. Complaints to the number of 2,234 were adjusted during the year by the eighteen real estate commissions which kept such a numerical record.

Commissioners in a number of states have been active in suppressing the sale of lots by what is known as the "free lot scheme." Real estate commissions in Ohio, New York, New Jersey, Illinois, and California have taken the stand that operation of such a scheme of sales is sufficient ground for revocation of license.

The real estate commission of New Jersey reports that the nil of the commission was sought during the year by 2,000 or more persons, many of whom were making their first purchase of property located in the state.

A very important service of the California real estate department is its examination of and report upon rural lands subdivisions. During the last year the department has made 24 such inspection reports. A questionnaire is sent to the subdividers to fill out and return. The questionnaire inquires into financing, title, how held, incumbrances and releases, water sources and general adaptation to expected uses. The department then follows the inquiry with personal inspection by agricultural deputies. The findings and recommendations are discussed with the subdividers. The department where necessary broadcasts written reports on projects using inflated advertising, mailing them to chambers of commerce and realty boards.

### Developers Halted.

Last year the California department stopped the sale of over 20,000 acres being sold in ten acre plots, advertised as likely to enhance in value when the Boulder dam project was completed. The department placed an altimeter at various points and found the lands to be several hundred feet elevation above the highest possible point of canal reach from the Colorado river. Another of 12,000 acres was found to be so poorly financed that they must depend upon sales with which to install necessary improvements, including canals, roads, etc.

The stopping of these sales is estimated to have saved the public the loss of several millions of dollars.

The earliest real estate license laws became effective in 1919. Such laws are in operation in 1928 in 22 states and one Canadian province.

### Comedian or Gentleman?

An English writer once said: "No gentleman can be a comedian." He followed up his remark by discussing the very nature of comedy, which he described as a buffoonery on the better elements of human nature; and he deduced that anyone who makes fun of another person or of another person's eccentricities or mental peculiarities is no gentleman.

## TOWN PROGRESS TALKS

Cultivate the booster frame of mind, which instinctively says Yes instead of No to all proposals for the public welfare. Don't fall into the habit of knowing everything that comes up. Try to think how a thing can be done, rather than why it is impossible. Cultivate the success habit, not the failure complex. Boosters are doers. They are happy. They enjoy life, and make the world a better place to live. Every town that amounts to anything owes it to the boosters. They never sit around with long faces and moan, "What was good enough for grandpa is good enough for me." Watch yourself. Don't become a poor, miserable knacker.

## Widow of Italy's War Hero Given Million Lire

Naples.—The widow of Marshal Diaz, who led the Italian troops to victory in the World war, is to have a million lire from the country in addition to a special pension and whatever other pensions he enjoyed at the time of his death last winter.

His will, written on his deathbed, was pathetic in its simplicity. "I have nothing to leave my wife and children but the house in Naples, which the citizens gave me; my sword, my war decorations, and a few shares in an industrial concern."

The shares proved to be of little value and the war hero's widow and three children found themselves in straits when the magnificent state funeral was over and the household bills began to come in.

His widow's pension will now be equal to \$5,000 a year, but the million lire, about \$240,000, will be given her at once.

Diaz, who was created Duca della Vittoria, left two pretty young daughters and one son, who is now working in a bank in Rome.

## Americans Buy Home of

### Ampere as Memorial

Polemieux, France.—The old home of Andre Marie Ampere, one of France's electrical wizards, has been bought by Americans and given into the keeping of the French Society of Electricians.

Sosthenes Behn, president of the International Telephone company, and his brother Hernand, were the donors who made possible the establishment of the home as a permanent memorial to the man whose name is used as a unit of measurement in electricity.

In keeping with the spirit of this event, there was celebrated simultaneously the inauguration of electric service in this mountain village, near Lyons, one of the few places in France that still relied on candles and kerosene.

## Will Soon Be Crowded

At the present rate of increase in population all over the world it is predicted that in 60 years there will be "standing room only." The rate of increase is now about 50,000 a day.

Indian Party Held  
By Lady Legionaires  
At Winfield Home

Twenty-one Legion Auxiliary members were delightfully entertained with an Indian party given at the home of Mrs. Ellen Winfield Friday evening.

The members appeared in costume and prizes were awarded to the best dressed "Indians", same going to Mrs. Mann, Mrs. Klass, Mrs. Kessler, Mrs. Garland and Mrs. Larson. There was also a "Mud and Jeff" contest. Mrs. Olive Burke was given a prize for being the tallest and Mrs. Hogan was awarded a prize for being the shortest member. The guests were then led to the front yard where they danced and played games in front of the wigwags and camp fire and made themselves at home in the great wide open space. They were later conducted back to the house where a delicious lunch awaited them. At a late hour the guests departed, all having had a great and glorious time and with many thanks to Mrs. Winfield for her hospitality.

Sabin House Party  
Held at Simons Lake  
Marie Cottage

Mr. and Mrs. D. B. Sabin entertained house guests at one of the Simons cottages on Lake Marie over the week end. Those in the party were Mr. and Mrs. Merrill Sabin and Mr. and Mrs. Paul Prater all of Springfield. Mr. Sabin is a state sanitary engineer and Mr. Prater is with the American Radiator Co.

GIRL RISKS LIFE  
IN VAIN TO SAVE  
MAN FROM SHARKVictim Dies When Carried  
Ashore After Battle With  
Sea Monster.

Sydney, Australia.—If sharks do not attack human beings as so many persons loudly assert, what large fish is responsible for the attacks on many swimmers in Australian waters? Sydney today and its vicinity have been the scenes of many deaths of swimmers, and it is fairly safe to say that the deaths of hundreds of swimmers is the result of attacks by sharks. Some of the swimmers have been seen to be pulled down and held by the jaws of a shark.

One of the best known swimmers, Mr. J. J. Spence, died of a shark attack. He was pulled down and held by the jaws of a shark. He was pulled down and held by the jaws of a shark. He was pulled down and held by the jaws of a shark.

Miss Donaldson, who is only twenty, was fully aware of her peril, but with no regard for her own safety, swam to the assistance of her fellow swimmer and succeeded in dragging him to shore.

## Only Three in Surf.

The only persons bathing in the surf at 6 p. m., the hour of the tragedy, were Mr. Lane, who was manager of the Sydney firm of Henry Lane, Australia, Ltd., Miss Donaldson, and a girl friend.

Mr. Lane, after entering the water and exchanging a few words with both girls, with whom he was acquainted, swam out to a sand bank, 50 yards from the beach, where the

Swam Out to the Man's Assistance.

water was only a little over his waist, when the girls were suddenly horrified to hear him shout "Help! A shark has got me!"

They observed him the next instant throw up his arms, and Miss Donaldson, dispatching the other girl to the shore for help, boldly swam out to the man's assistance.

She saw Mr. Lane as she approached the sand bank attempting to beat off the shark with his hand, and the water about him was thick with red. He

Mesdames Runyard  
and Vos Give Season's  
Biggest Social Event

One of the loveliest luncheons and bridge parties of the season was given Thursday when Mesdames Herbert Vos and E. M. Runyard entertained one hundred and thirty of their friends at Cedar Crest Country club. This was the first party to be given at the new country club. The club house was transformed into a bower of beauty with summer flowers and the luncheon served in the main dining room and breakfast room. Music was furnished by the Hopke sisters of Libertyville. Bridge was played in the sun parlors and prizes won by Mesdames J. H. Doyle, L. Hendee, H. Allen, D. Webb, J. P. Wyllie, Charles Whyte, O. L. Hoyer, C. Sandal, E. J. Ebert, Charles Marks, C. E. Daniels, W. S. Hollows, H. E. Harrington, C. E. Richardson, R. Sherman, C. Laflin, R. Plager, H. Fields, C. E. Miller, R. Gantler, S. Nissen and Harry Arms.

ENTERTAIN FRIENDS FROM  
WINONA, MINNESOTA

Mr. and Mrs. Clarence Rand and two sons of Winona, Minn., are visiting this week at the home of Mr. and Mrs. A. B. Johnson. Mr. Rand is a cousin of Mrs. L. M. Cribb. During their stay here they are visiting the various points of interest that are within a few hours drive.

BRIDGE PARTY AT  
PESAT HOME

Mrs. Ethel Pesat entertained at a table of bridge Tuesday evening. The guests were Mesdames Garland, Selter and Allner.

was repeatedly attacked by the monster, however, and was almost unconscious by the time Miss Donaldson reached him.

## Frightens Off Shark.

The plucky girl splashed the water vigorously, evidently frightening off the shark, and succeeded in half-dragging, half-carrying Mr. Lane to shallow water, where two young men who had rushed, fully clothed, into the surf, assisted in carrying him to the sands.

The terrible nature of his injuries was quickly apparent. His right hand had been bitten off, large pieces of flesh had been taken out of his left thigh and calf, while his right shin had been bared to the bone. The teeth marks of the shark were clearly visible on the body.

Miss Donaldson covered the dying man with her bathing gown and ministered to him as best she could until the ambulance arrived a few minutes later. Mr. Lane was dead, however, on his arrival at the Newcastle hospital. He had only recently returned from a visit to England.

## Virginia's Northern Neck

The geological survey says that the Northern Neck—Virginia is the country between the Potomac and the Rappahannock rivers up as far as Fredericksburg, Va.

## One Always Successful

There are times when the motorist who attempts to beat the train at the crossing fails; but the fellow who strikes a match to discover the gas leak usually succeeds.

## TREVOR RESIDENT PASSES AWAY AT HOME IN CHICAGO

The Pickle Factory Is  
Now Open For  
Business

### Obituary

Fred H. Schreck, son of Mr. and Mrs. Gerhart Schreck, was born at Libertyville, Ill., March 2, 1877, and departed this life at his home in Chicago July 29, 1928.

Mr. Schreck had been in his usual good health until Sunday afternoon when he complained of feeling ill but soon rallied. About 8 o'clock soon after some week end guests departed he was taken suddenly ill, his wife called two physicians but upon their arrival he was past all medical aid passing away about nine o'clock.

Mr. Schreck spent his early boyhood at the parental home. When a young man he came to Trevor.

May 24, 1903, he was married to Miss May L. Hall, who departed this life Dec. 27, 1915. To this union three children were born: Mrs. Flossie Moran, Kermit and Alvin Schreck. Alvin died Aug. 4, 1924.

In August 1916, he married Miss Minnie Wilson of Chicago, who passed away March 1, 1921. On October 14, 1921, he was united in marriage to Miss Kathryn Oswald of Forest Park, who survives him.

Besides his wife and two children he leaves two brothers and four sisters, Will Schreck of Waukegan, and Karl Schreck, Mrs. Kate Hastman, Mrs. Anne Sage, Mrs. Louise Wollford, all of Libertyville, and Mrs. Anna Schottman of Montrose, Ill.

The funeral services will be held at the home of Mr. Will Schreck at Waukegan Thursday afternoon at one o'clock with burial in Liberty cemetery near Trevor.

The pickle factory opened Monday with Orrin Wicks of Silverlake in charge.

Mrs. George Patrick and Miss Patrick accompanied Mrs. Byron Patrick to Burlington Tuesday.

Mr. and Mrs. Henry Lubeno, Twin Lakes, spent Friday in Trevor.

Mrs. Charles Barber of Silverlake was a caller here Friday.

Miss Sarah Patrick spent Tuesday night and Wednesday with Byron Patrick and family in Salem.

Russell Jones, of Kenosha was a caller here Wednesday.

Mrs. George Brown and daughters and Bristol called on Mrs. Alice Terpin Tuesday.

Mr. Hardy, daughter, Marion, and Miss Marguerite Evans were Oak Park visitors Tuesday.

Gerald Hunyard sustained minor injuries one day last week when he fell down a hay chute in his father's barn.

Mr. and Mrs. Daniel Longman, daughter, Bernice, and son, Russell, and Mr. and Mrs. Willis Sheen were Sunday dinner guests of Mr. and Mrs. James Craig at Ingleside.

Floyd Frank of Chicago visited at the Wm. Evans home Saturday.

Wm. Jenks, Chicago, called on his father-in-law, John Mutz, Sr., Sunday.

Mrs. Hesselgrave of Antioch was a caller here Saturday.

Mr. and Mrs. Harold Mickle transacted business in Kenosha Tuesday.

Miss Hazel Lubkeman of near Bristol spent Tuesday night and Wednesday with the Misses Beatrice and Adeline Oetting.

S. J. Szydowski of Burlington was a caller Tuesday.

The Misses Marguerite Evans and Marion Hardy entertained a number of friends at the home of the former Wednesday evening. Games were enjoyed after which a nice lunch was served.

Mrs. Charles Oetting, daughters Beatrice and Adeline, and Mrs. Jos. Smith were Kenosha shoppers Tuesday.

Erick Hanson of Silverlake transacted business in Trevor Tuesday.

Mrs. Jodelle of Wilmet and Mrs. Otto Scheunig of Silverlake called on Mrs. Fred Forster Wednesday.

Miss Pauline Copper, of Chicago spent the week end with her parents.

Mrs. Albert Mutz of Chicago came Wednesday to visit at the home of her father-in-law, John Mutz, Sr. Albert Mutz came for the week end. Their sons, who spent several weeks at the Mutz home returned home with them.

A number from here attended the boxing match at the Antioch Palace Friday night.

Mrs. August Lubkeman, daughter, Hazel, and Mrs. Olga Hannoman of Milwaukee called at the Charles Oetting home Wednesday evening.

Mr. and Mrs. Harold Mickle and Miss Ethel Hunyard attended the funeral of their grandfather, Alonzo Little near Antioch Friday afternoon.

Mr. and Mrs. George Meyer and son of Minneapolis, called on the former's uncle, L. H. Mickle and family Friday.

Norman Poole, St. Paul, was a caller here Saturday evening.

Willie Peterson of Kenosha is making an indefinite stay with his uncle, John Gever.

Gaggin and Smart of Antioch shipped a carload of stock from Trevor Sunday night.

Mr. and Mrs. Lewis Pepper entertained the latter's parents, and a sister and husband from Waukegan on Sunday.

August Schruve and Mr. Bloom of Chicago visited at the Fred Forster home Sunday.

A number of ladies from here attended the card party at the Antioch Palace Monday afternoon.

Mrs. Gene Hunyard of Waukegan called on the home folks at Rock Lake Saturday.

There will be a benefit card and bazaar party at Social Center hall on Saturday night, August 4.

### Early Use of Dynamite

Dynamite was manufactured in the United States in 1867. It had been used as early as 1865, having been imported. A factory for its manufacture was established in Stockton in 1867.

### Early American Genius

John La Farge, who died in 1910, was America's first great artist. He not only had a remarkable color sense combined with his artistic gift but experimented successfully in the manufacture and designing of stained glass.

### First to Map Moon

The first map of the moon was made by Riccioli in 1650.

### Cemeteries Come First

Arabian villages in Egypt are usually of a drab shabbiness, but the cemeteries are a collection of gracefully designed and highly ornate tombstones costing much more money than the houses.

### Bad Luck Expected

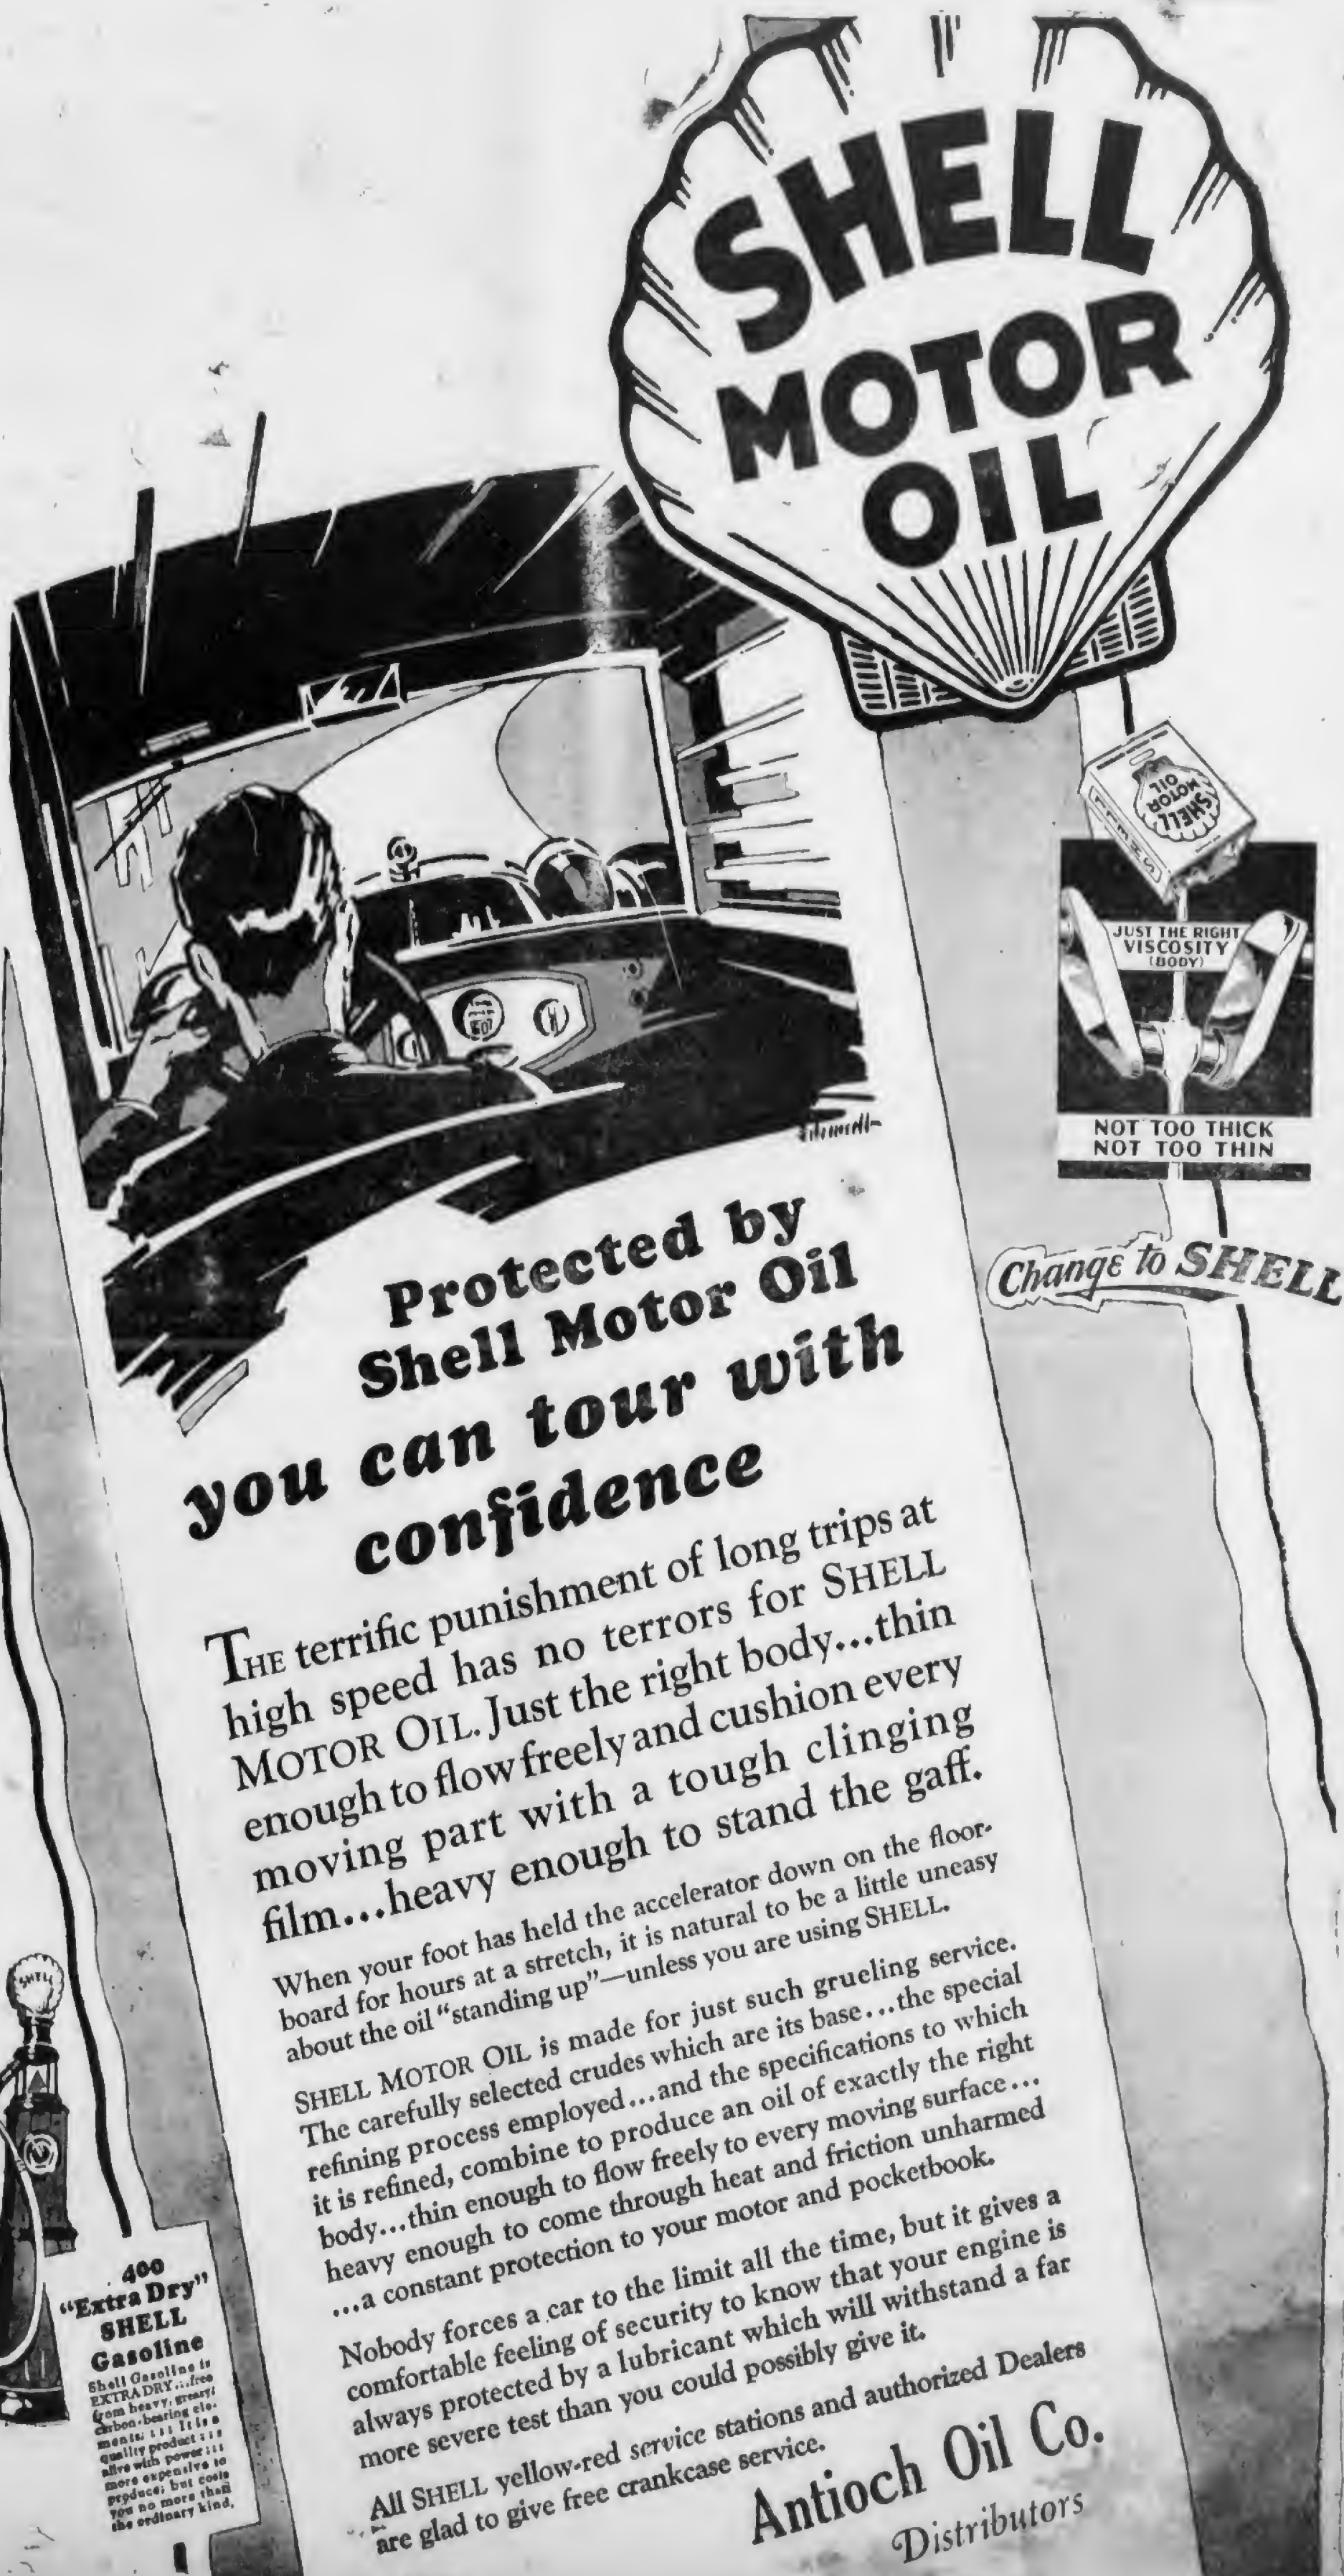

The more you depend on luck, the less of it you have—Carleton in quiver.

### Diets on the Brain

Within the heads of some of my patients, said the old physician, there is a jumble of half knowledge and false ideas and fads and fancies stored away in the section labeled diet—Woman's Home Companion.

### Works the Wrong Way

"Irish dividend" is a humorous term for an assessment levied on a stock.

**SHELL MOTOR OIL**

**Protected by Shell Motor Oil you can tour with confidence**

The terrific punishment of long trips at high speed has no terrors for SHELL MOTOR OIL. Just the right body...thin enough to flow freely and cushion every moving part with a tough clinging film...heavy enough to stand the gaff.

When your foot has held the accelerator down on the floor-board for hours at a stretch, it is natural to be a little uneasy about the oil "standing up"—unless you are using SHELL.

SHELL MOTOR OIL is made for just such grueling service. The carefully selected crudes which are its base...the special refining process employed...and the specifications to which it is refined, combine to produce an oil of exactly the right body...thin enough to flow freely to every moving surface...heavy enough to come through heat and friction unharmed...a constant protection to your motor and pocketbook.

Nobody forces a car to the limit all the time, but it gives a comfortable feeling of security to know that your engine is always protected by a lubricant which will withstand a far more severe test than you could possibly give it.

All SHELL yellow-red service stations and authorized Dealers are glad to give free crankcase service.

**Antioch Oil Co.**  
Distributors

**400 "Extra Dry" SHELL Gasoline**  
Shell Gasoline is EXTRA DRY...free from heavy, greasy, carbon-bearing elements...it is a quality product...it is more expensive to produce, but costs you no more than the ordinary kind.

**JUST THE RIGHT VISCOSITY (BODY)**  
**NOT TOO THICK NOT TOO THIN**

**Change to SHELL**

John Hays spent the latter part of last week with his daughter Mrs. Chas. Holman and family in Chicago.

## Grade Crossing Death Rate Is Decreasing, But Is Still High

During 1927, 2,371 persons were killed at grade crossings, and 6,841 were injured, according to information received by the railroad commission department of the Chicago News-Club. A report just received by the American Road & Builders Builders in cooperation with the railroad commission shows that 2,431 unprotected grade crossings existed on June 1, 1927, and that there were only 27,747 protected crossings. Of the latter 4,148 were guarded by gates, 2,749 by watchmen, 4,425 by advance and visible signals, 5,365 by audible signal only and 2,294 by visible signal only.

Notwithstanding this apparently big rate of fatalities, the safety commission of the American Railway association recently issued figures tending to show that the number of persons killed in grade crossing accidents in 1927 was 4 per cent less than in 1926, although there was an increase in the number of automobiles on the highways.

Recognition of the beneficial influence of forests in retarding soil erosion has been carried far into the mountainous regions of Japan. The empire now has more than 350,000 parcels of protection forests under public control covering more than 4,000,000 acres.

## Awake to Erosion Evil

Recognition of the beneficial influence of forests in retarding soil erosion has been carried far into the mountainous regions of Japan. The empire now has more than 350,000 parcels of protection forests under public control covering more than 4,000,000 acres.

## French Royal Dynasties

The Merovingian race, from 420-752, had 34 sovereigns of France including Pharamond, the Carolingian race, from 752-987, had 16 sovereigns, the Capetian race, from 987-1328, had 37 sovereigns. The intervals of a republic were from 1792 to 1804 and of an empire of Napoleon I from 1804 to 1814. In 1815 Louis Napoleon was emperor and emperor from 1825 to 1871. A republican form of government was established in 1875.

## LAKE VILLA GIRL TAKES POSITION AT NORTH CH'GO

Miss Lena Sebor is Home From Teachers' College at Oshkosh.

Miss Marguerite Mauger has accepted a position as stenographer in the Potter Manufacturing Co., at North Chicago. She is a graduate of the class of '28 of the Antioch Township school, having specialized in the Commercial work.

Miss Lena Sebor, who has been at school in Oshkosh the past year, is spending a few weeks here.

Mrs. H. E. Hussey started last week Monday for New York and Eastern points for an extended trip.

Mrs. H. Potter of Waukegan attended the Ladies Aid meeting at Mrs. McGlashan's last Wednesday, and the ladies will meet with her on Wednesday, Aug. 8, for their regular meeting. If you have a car and can take someone or want a way to go, call Mrs. Culver, 136R2 for information.

Rush Hussey and Raymond spent last week on a cruise on the Great Lakes.

F. Letchford and son, Fred, of Evanston spent last Wednesday with his sister-in-law, Miss Mary Kerr of this place and Mrs. Alice Spring of Millburn.

Misses Florence and Alice Seeger were guests of their cousins at Rockford several days last week.

Erwin Snyder who was killed last week Wednesday was laid to rest in Fox Lake cemetery last Saturday after the funeral which was held from his late home in Lake Villa. He was born and raised here and has many friends who regret his untimely passing and extend sympathy to the bereaved father and sister.

Mrs. Frank Hamlin visited friends at Lake Bluff a couple of days last week.

Mr. and Mrs. Frank Nader entertained Mrs. Nader's parents, Mr. and Mrs. Anderson of Kenosha Sunday.

Frank Nader is improving the cottage next to his own home by adding a new foundation.

Mr. and Mrs. J. M. Cannon were in Chicago Monday to visit Mr. Cannon's parents, who started back to their California home the first of the week.

The Fish and Wallace families had a family reunion at the Will Fish home Sunday.

Mr. and Mrs. Fred Hamlin entertained relatives from Oak Park Sunday.

Extensive alterations are being made at the school here, and work began Saturday.

Mr. and Mrs. B. J. Hooper were Waukegan visitors Monday.

Mrs. J. A. Pederson had her niece and family of Chicago as guests over the week end.

Mr. and Mrs. Walter Douglas of Chicago were with the home folks over the week end. They were just returning from a two week's auto trip through Michigan and Wisconsin.

Mr. and Mrs. Fred Hodgkins and son, Robert, of Chicago spent Sunday with their parents, Mr. and Mrs. James Leonard.

Mr. and Mrs. Jas. Atwell are visiting the Glosier family at Maywood this week.

Mrs. Sophia Hall of Chicago spent last week with her sister, Mrs. S. M. Sherwood.

Mrs. Porep of Lombard, Ill., was a recent guest of her brother, John Peterson and family.

Mrs. Webster of Oak Park attended church here last Sunday and spent the day with Mrs. S. Sherwood.

Mrs. P. W. Gray and son and Mr. and Mrs. Cook of Chicago spent Sunday at the Avery home.

Mr. Mason was home with his family over Sunday. He has been traveling in Minnesota for his firm which deals in office furniture.

### Hog Imported Animal

There were no true hogs in America until they were brought over by Europeans. The animals native to America which most resemble the domestic hog are the peccaries, which are pig-like mammals found from Texas to Paraguay. Apparently the peccary was never domesticated by the aborigines of America.—Exchange.

### False Satisfaction

If a man has money, says the old sheep herder, in Farm and Fireside Magazine, he can buy his way in and think he's getting there faster. But the only real way is for a man to start young and grow into the game, learning as he goes.

### Of Definite Value

Polliteness has been compared to an air cushion, although there is apparently nothing in it whatsoever, yet it eases our jolts wonderfully.—Georgia Carey.

### Secret of Happiness

If you are able to forget fancied injuries, you have found one of the secrets of happiness.—Arlinson Globe.

### "Fishes" for Thief and Catches Him

New York. Mrs. Harriet J. Briggs recently "fished" for the thief who had stolen a letter containing a money order for \$100 from under her door and, according to the police, she made a catch.

When Mrs. Briggs failed to obtain her money order and other valuables in the house complained of mail being missing, she made a "line" of string, tied one end to an envelope and shoved the envelope under the door so it showed in the hall. Then she sat on a chair just inside the door, holding one end of the "line" in her hand. A tag on the line caused her to throw the door open and find a delivery boy with the money in his hand. He was arrested.

### CATCH A TARTAR IN CAFE HOLDUP

Robbers Slug Owner, Then Wife Goes Into Action.

PATERSON, N. J.—Three young bandits who raided the Club Plantation, a roadhouse near here recently, terrorizing half a dozen patrons and beating Lawrence Luzzio, the proprietor, caught a Tartar in the person of Mrs. Luzzio. As a result the three and the wife of one of them are in jail.

After one of the men had knocked her husband unconscious with a revolver butt Mrs. Luzzio kicked the pistol from his hand, grabbed it from the floor, and sent a bullet crashing into his leg.

The other two men fled, speeding away in an automobile. Mrs. Luzzio jumped into her own roadster and pursued them into Paterson. She trailed them to the Spruce hotel, and called a policeman as they entered the lobby.

The patrolman arrested the pair and chained them together. As he turned away to telephone for a patrol wagon they broke their bonds, knocked him to the floor and ran from the hotel.

Robinson dashed after them, firing as he ran. He recaptured one of the men after a seven-block chase, and another patrolman who heard the firing caught the other man.

As the desperadoes were being booked they broke away again and made a dash for freedom. They were quickly clubbed into submission. They gave their names as John Cattle and Charles Griffin, both of Paterson. Police said they were released from jail under bond the day before in connection with the robbery of a Paterson clothing store.

While Griffin and Cattle were being questioned, police brought in Hugh McCann and his wife, Jenn. McCann who had a slight bullet wound in his leg, was identified by Mrs. Luzzio as the third of the bandits. His wife, according to Mrs. Luzzio, was in the roadhouse when the robbers held it up. All three of the men and Mrs. McCann, she said, were frequent patrons of the place.

### Traded Wives With Pal, Says Husband in Jail

New York.—An alleged contemplated exchange of wives collapsed in Brooklyn Federal court recently when Emanuel Haffa, an automobile mechanic, pleaded not guilty to a charge of violating the Mann act and was held in \$5,000 bail for a hearing.

Haffa was arrested by deputy federal marshals at his place of employment. His prospective "exchange wife," Mrs. Gilda G. Weatherly, sixteen, mother of a fifteen-month-old child by the husband she left at Fort Lauderdale, Fla., swore out a complaint against Haffa.

Mrs. Weatherly, a comely brunette, said that she met Haffa last December in Sumner, S. C., and she had come to Brooklyn and lived with him for a while, until she discovered that she wished to return to her husband, Frank Orin Weatherly, garage proprietor.

"Your honor," Haffa, told Federal Commissioner Epstein, "I am no white slaver. I treated her as honorably as any man ever did any woman, married or not. We came here to get married. I left my wife with her husband down there. They were to get divorces there and marry, and then we were going to be married."

### Male Gossip Gets 90 Days Jail for Kissing Story

Camden, N. J.—The habit of gossiping will cost Charles Buheck ninety days in jail.

Miss Helen Kirchdassner, nineteen years old testified before Police Judge Bertman that Buheck told acquaintances he had seen her "kissing a strange man" in the parlor of her home. She added that his gossip had almost caused an estrangement between her sister, Anna and Anna's sweetheart. Buheck said he saw the girl and a man, but wasn't sure they kissed.

"What business was it of yours whether they were kissing or not?" the judge demanded. "You're just like an old woman. I'll give you ninety days in jail as a lesson against further carrying of tales."

Buheck formerly was a German soldier. A bullet from an American rifle was removed from his thigh at Cooper hospital last Armistice day.

## WILMOT LUTHERANS TO HOLD FESTIVAL ON NEXT SUNDAY

Lose Base Ball Game To Fast Somers Team Sunday.

The Annual Mission Festival of the Lutheran Church will be held next Sunday. Rev. Wm. Sauer from Milwaukee will conduct German services at ten a. m. Rev. Wm. Lehmann of Libertyville will hold English services at 2 p. m. and Rev. Gieschen from Milwaukee will conduct English services at eight in the evening. The Italian concordia quartette accompanied by Miss Rhoda Jedele is to sing. Dinner will be served by the Ladies Aid and the public is cordially invited to attend.

Wilmot lost to Somers Sunday, when the team fell apart in the eighth inning, after leading by the score of 4-2 up to this time. The final count was 8-6. Errors mixed with hits in the eighth inning gave Somers six runs. Poor base running in the ninth cost Wilmot the game when they had several opportunities to score. Frank pitched his usually brilliant game striking out nine and allowing only six hits.

Next Sunday the strong Pikeville nine comes to the Wilmot park. Pikeville has lost only one game this season.

Mr. and Mrs. Wm. Anderson of Genoa City, were dinner guests Sunday of Mr. and Mrs. Ray Rudolph.

Mr. and Mrs. John Heath and son, Andrew, arrived Monday for an extended stay with Mrs. Hannah Bonden and Mary Bonden. On Friday, Mr. and Mrs. Percy Dibble of Antioch were there, and on Sunday, Mr. and Mrs. Edward Bonden and daughter, Lorraine, and Mrs. A. Christensen arrived from Chicago.

Harry, the infant son of Mr. and Mrs. Wm. Lake was baptized Sunday afternoon by Rev. Jedele. Mr. and Mrs. Lloyd Stoen were sponsors.

Mrs. Olga Hegeman of Milwaukee is visiting with her sister, Mrs. John Gauger this week.

Mrs. McGuire and family have returned to Chicago for the week.

Mrs. John Staley of Chicago is spending the week with Mr. and Mrs. Fred Faulkner.

Frank Kruckman and son, Dale, motored to Chicago Monday.

Mrs. M. Hutton and Alice Hutton of Kenosha spent the last week with Mr. and Mrs. Ray Hutton.

Robert Kruckman of Burlington spent the past week with his grandparents, Mr. and Mrs. Hiram Piran.

The neighboring farmers at Randall held a haying bee for Lynne Sherman Monday. Mr. Sherman returned recently from the Augustana hospital.

Mr. and Mrs. Carter of Peotone were week end visitors with Mr. and Mrs. M. Carter at Wilmot.

Mr. and Mrs. Albert Hays and son of Beloit were week end guests of Mr. and Mrs. Charles Kanis. Sunday Mr. and Mrs. Joe Singler and family of Kenosha spent the day with the Kanis family. Viola Kanis returned to Kenosha for a week's visit with the Singlers.

Mr. and Mrs. Leo Rauen and daughter of Chicago, Mr. and Mrs. Frank Madden and daughter of Kenosha spent Sunday with Mr. and Mrs. Fred Madden.

Margery and Buddy Peterson have returned home to Kenosha after spending the past week with Mr. and Mrs. Alfred Reynolds.

Mrs. Dolores Brownell and son, Tom, returned to Milwaukee Sunday with Mr. and Mrs. T. Jamison. Mrs. Jamison has been with Mrs. Brownell the past week.

Mr. and Mrs. Wallace Dolyns and son, Gene, of Quincy are on a motor trip through the east and are expected August 12th, at Carey's.

F. Foley and E. Long of Oak Park spent Friday with Mr. and Mrs. Sutcliffe. John Sutcliffe is a guest this week of his grandmother, Mrs. Sutcliffe at Chicago.

### Victory for Locusts

The air force base at Kowat, Africa, established to defend the city against desert Wahabi raiders, recently engaged a new enemy. When clouds of locusts threatened to do great damage, airplanes went up to try to scatter them. Some of the machines were forced down owing to the locusts blocking the radiators.

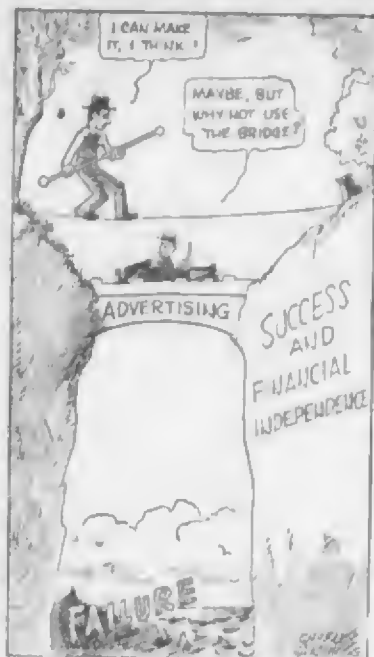

### Dickens Neglected

While bronze tablets are affixed to six houses in which Charles Dickens lived in London, there is not a single statue to the great novelist in the metropolis.

## WANTED!

Your Job Printing Business  
If We Can't Please You  
Don't Come Again

## TOWN PROGRESS TALKS

Advertising is the bridge to success. It is the shortest cut, the easiest way and the only sure way. Men have neglected business success without it. Just as they have without the use of eyes, ears or hearing. But many others have failed simply for want of it. Advertising has always been the basic component of success. They are little bits to gather. Where you see one there is the other. They are the essence of business. Success without advertising is like lime without egg, pork without beans and Romeo without Juliet. And the only form of advertising that pays on short-sleeve terms with the ultimate consumer is advertising in the home paper.

### Graffes in Captivity

The Smithsonian Institution says that the average life of a giraffe in captivity is from 10 to 12 years. Some giraffes have lived much longer, one having attained 28 years.

or will sell on 5 percent commission. We never close. National Motor Market, 622 Grand Avenue, Waukegan, Ill. Phone 309. 331r

**HUNT'S WHITE BIRD IN NEWFOUNDLAND**

**Explorers Seek Lost Plane of Nungesser and Coli.**

Baltimore, Md.—Dr. James A. Nydegger, who has had considerable experience in exploring in Newfoundland, will lead a party about in an exploration trip to the tablelands of the island, in search of traces of the plane of Nungesser and Coli, who were lost while attempting the first westward flight of the Atlantic.

Confident that Nungesser's plane, the White Bird, spanned the Atlantic, only to meet disastrous head winds and be forced off her course, as was the Bremen, Doctor Nydegger says he will explore every mile of the interior of the island. He said:

"My impression is that they crashed against tall trees or a mountain while lost in fog. There were a dozen reports that persons had heard their motor along the coast. The Tuggerhelm foundation spent thousands of dollars searching from the air for traces of their plane, but if they were lost in the tablelands the wreck could not be seen from the air.

"The White Bird would disappear from sight like a baseball in grass three feet high. With two or three trusted guides I will follow the Grand Codary river into the dense woods of the island.

"I will send the guides back and forth across the island, crossing and recrossing until every mile of unexplored territory is covered. I am confident I will find traces of them.

"While I hold out no hope that they are alive, I believe we will find their wrecked plane. It is a little over a year since their brave attempt to fly from France to America failed, and it is not too late to make a final search.

"Nungesser's mother has always maintained that somebody will find the White Bird. I hope that I will be the fortunate man."

## Teaching Banking

The American Institute of Banking is the educational section of the American Bankers' association. This organization is maintained for the purpose of giving instruction to bank employees. There are about 100 chapters in various cities throughout the country.

## Earth's Gravitation

The Naval observatory says that there is no limit to the distance to which the earth's gravitational pull extends, but its amount decreases in proportion to the square of the distance from the earth's center. At the distance of the moon it is about 1/3,600th what it is at the earth's surface.

## Fine Engraving

Alfred McEwen of New York, who recently engraved the Lord's prayer on a needle, says that the engraving is done by a special reducing apparatus, the diamond point of which does not vary a millionth fraction of an inch. The work is generally done through a magnifying glass.

## Voters to Make New Conservancy District For the Lake Region

(Continued from first page)

water, boating, fishing, bathing and undoubtedly in the future will furnish the water supply for our homes and industries as the water level in all wells is fast lowering.

## Conserve Water Supply

Along this line steps should be taken to conserve the water in the lakes and rivers so we can have a more steady flow. With all the filling and drainage districts there are now the spring rains reach the river almost as soon as it has fallen. There are no forests to absorb the rain and it must go through the soil to the tile and thence to the river. It is soon gone and our rivers and lakes are overflowing. A little later when the dry months come the water in the lakes is low and stagnant. This should not be by conserving the water in the spring and letting it off into the river during the dry months. We have a more uniform flow. This helps to flush the rivers and prevent stagnation and disease. It also overcomes pollution to some extent. This would be of untold value to the property owner, the water power owner and the people generally in the Fox River Valley.

## Board Can Protect

The two things which should be done are: First—Prevent the use of the river for the dumping of raw sewage, and, Second—Control the flow. All this can be done by the Fox River Conservancy District Board. They made a good start but were prevented from continuing by a technicality. They should now be encouraged to go on.

## Expense Is Reasonable

The expense of this district is not great. The limit of taxation is one-half of one per cent on the assessed valuation. This can only be increased by a vote of the people. The board levied a tax one year and it was not to exceed fifty cents on a home worth \$5,000.00 to \$6,000.00. For the benefits derived this is a very reasonable tax and we do not hesitate to recommend it. The tax is small compared to the benefits derived.

We urge all our readers to go to the polls on Aug. 10, and vote YES.

## Make Preparations For 1929 Sequoia

The staff of the 1929 Sequoia, the annual publication of the high school seniors, met with a representative of the Mandel Engraving Co. of Milwaukee, Wis., last Friday to lay plans for the book which will be published the coming year.

The committee decided to feature the lakes and the activities centering around them. The photographers will soon be out taking pictures of the most attractive scenes.

The 1928 Sequoia was a real success both editorially and financially. The way the staff is taking hold of the work indicates that they will outdo all former publications.

## Dog in Well 5 Days Is Brought Out by Firemen

Camden, N. J.—Although trapped five days in an abandoned well at the home of his owner, Adam Wilwerth, Buster, half collie and half shepherd dog, is back on the job chasing cats but steering clear of the well.

Buster fell into the well May 20 while chasing a cat. After passing five days more than sixty feet below ground he was finally rescued by members of an engine company. Fireman Harry Hess lay under the Wilwerth home and fished blindly for the dog with a rope until he located him.

Mrs. Wilwerth said she missed Buster but was unable to trace him until she heard her pet whining under the house. Then she called the firemen, who hauled Buster out. He was weak and nearly blind but has completely recovered.

## Corn Meal Widely Used

Investigations made by the Department of Agriculture show that more than 60 per cent of the food consumed by the people of the United States, on an average, is of vegetable origin, and that about one-seventh of this, or 8.7 per cent of the whole, is corn meal. Of the total protein consumed, animal as well as vegetable, corn meal supplies 10 per cent; of the total fat, 3.8 per cent, and of the total carbohydrates, 13.7 per cent.

## Vinegar Production

Grains—chiefly corn, barley, rye and oats—are largely utilized for the production of spirit and malt vinegar. The starch which they contain is first converted into sugar, usually by the action of malt (sprouted barley). Malt vinegar is made from the sugary solution or wort obtained by steeping crushed malt in warm water.

## Prolific Fishing Grounds

The three greatest commercial fishing waters are located near the coasts of northwestern Europe, northeastern America and northeastern Asia. In these places, where the ocean is comparatively shallow, enormous schools of valuable food fish congregate in order to obtain the food that they find near the bottom.

## Churches

## Methodist Church Notes

The placing of the Memorial Communion table in the church by Mrs. Isabella Westlake in memory of her husband, William S. Westlake, who for many years was a faithful worker in the church, completes the plans for the interior decoration of the sanctuary for the present, although Mrs. Joseph Laidon remembered the church in a very substantial way and has suggested how we might make the church even more attractive. Antioch folks have always been proud of their churches and might rightly claim the Methodist church the most beautiful of its size in the Lake Region. A visit will bring quiet and comfort to all who come to worship. Do not hesitate to bring your Sunday guests to church.

The series of sermons on the 23rd Psalm will end with the Sunday service, August 5th. Though it be the last of the series you will find it of interest and instructive of what the Psalmist would have us know of his experience of God. Great truths are told to benefit mankind. As an aid to worship Mrs. L. R. Watson and Mrs. H. B. Gaston will sing a duet.

## Antioch Palace Bouts Still Remain Popular; Music By Orchestra

(Continued from first page)

Harris of Libertyville was technically knocked out in the second round by Jimmy Murphy when Young stopped the bout to save Harris from unnecessary punishment. Eddie Burke, 145 lbs. A. A. U. champ forced the issue a little too much for Frank McMillen and gained the decision in the third.

Jimmy Hall was unable to come back against Barney Ross, Barney being the master at every phase of the game.

## Over 1500 Attend

The crowds are increasing every night. Macek is borrowing all the chairs he can find and yet is unable to seat everyone. There are probably two main reasons for the popularity of these bouts. Real fighters are produced who are not bashful in the ring, and then there is Bill Donnelly and his band to entertain while the early birds wait for the

## Rival Baseball Pitcher Steps Out Into American League

Irvin Moody, erstwhile star of Wauconda Township High School's baseball and basketball teams for several years, and now pitching a fine brand of baseball of the Volley League, has been sold to the Detroit Tigers of the American League, according to late information.

During his employment on the DuPage team, Moody has made a remarkable showing, winning seven games in eleven starts. Pitching against experienced hitters, some of whom are former major league stars, Irvin has shown great skill and level headedness in all of his games. In his last appearance, when he faced Burlington, Iowa, on Friday, July 20, he held the opposing batters scoreless throughout the nine innings and was victorious by a 5 to 0 score.

The local high school athletes remember how Moody used to be the whole show for Wauconda, and at times defeated them almost single handed. They wish him good luck.

## \$420,000 Set of Books

**Put in Harvard Library**  
Cambridge, Mass.—Eighty-eight slim volumes whose value was estimated at \$420,000 now repose in the Harvard university library, having been brought here from New York under armed guard.

The volumes constituted a part of the famous Eli Abethan collection of the late William Augustus White of Brooklyn, and were given to the university by his son, Harold T. White, who acted on behalf of the heirs.

Among the most valuable of the books are the 1562 edition of "Romeo and Juliet," of which only 12 copies are believed extant; "Love's Labor Lost," 1598 first edition; "Much Ado About Nothing," 1600; a third edition, 1611, of "Hamlet," and a 1608 copy of "King Lear."

## Church Dinner

The Ladies Aid of the Methodist church will serve a chicken dinner in the dining room of the church on Thursday, Aug. 16.

## CARD OF THANKS

We wish to thank those who sent flowers and furnished cars, and for other kindnesses during the last rites of our father, Alonzo Little, The Family.

curtain to rise. He also puts out some hot stuff between halves

## Obituary

Alonzo Palmer Little was born on the Grass Lake farm on July 11, 1851, and for many years was an active farmer. His place was well known to many where the visitors met a hearty welcome.

As a young man he married Myrla Cobb and to this union were born eight children. Nine years ago the wife passed away and shortly after two daughters followed, leaving six daughters, 1 sister and 2 brothers, 15 grandchildren and 1 great grandchild to mourn his loss.

## Only Known to Be Old

There are no authentic data regarding the origin of the game of croquet, which was a favorite of kings some 200 years ago. Some writers say that it was evolved from the game pallamalle, which was played in Languedoc as early as the Thirteenth century.

## Monetary Parity

Bimetallism is the name given to a monetary system in which gold and silver stand upon precisely the same footing as regards mintage and legal tender.
